Re: PCA 73035; FY16 Mitigation Projects
Town of Cottonwood

Mr. Winiecke,

This letter is to notify you that the Town of Cottonwood has been awarded funding from the Governor's Emergency Fund for projects presented to the State Emergency Council on June 6, 2016. The Town's request of a \$150,000.00 award, with a 75/25% State/local cost share has been awarded. Based on the current FY2016 balance at the end of the fiscal year, Town's Cottonwood Village Drainage project will be funded as per the Council's approval.

Enclosed for your signature is the disaster assistance agreement for the above referenced mitigation projects. Please sign and return the original agreement to my attention. Once returned and signed by our office, I will forward a copy to you for your files. A project specialist from our office will then contact you to begin developing a project worksheet.

If you have any questions or would like further clarification of any of the information presented within this letter, please contact me directly at (602) 464-6232 or rebecca.trayler@azdema.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rebecca Trayler".
